If you've ever dreamed of an open road adventure, then a 3-wheel motorcycle course is your path to reality! Certified instructors will share their expertise for you to receive the training fundamentals required to successfully complete the course and obtain your 3-wheel motorcycle endorsement.

A Can-Am On-Road model will be provided for the duration of the course at no extra cost.

You will receive theoretical and practical essentials worth months of riding experience:

- ✓ how to minimize risk and handle special situations
- ✓ basic vehicle control
- ✓ throttle control
- ✓ straight line riding
